BRINGING HEALTHY SIGHT & HEARING TO YOUR NEIGHBOURHOOD

Access to care isn't always equal. For many children, especially in smaller or remote communities, vision and hearing challenges can go unnoticed simply because services aren't close by or easy to access. That's what we're working to change.

Bringing Care Closer

FREE MOBILE VISION & HEARING SCREENINGS FOR KIDS

Bringing Care Closer is designed to meet children where they are—in schools, daycares, and community spaces —making screenings simple and accessible. When concerns are identified early, families can take the next steps sooner, helping children stay confident, engaged, and supported as they grow.

As this initiative continues to move forward, we're grateful for the people and organizations helping bring it to life.

A huge thank you to the RBC Foundation, the McCain Foundation, the Nuclear Waste Management Organization, and the Glenboro Area Foundation.

Their support is what turns this vision into something tangible. Because of them, we're able to reach more children, provide more screenings, and ensure every child is included and given the best possible start in life.

And, of course, our local Lions Clubs are the heartbeat of this initiative. Their dedication shows that when we unite with a common purpose, we can bring essential health services to every corner of our region. Thank you, Lions, for your incredible support along the way!

SUPPORTING THE MISSION

Our projects may change and grow, but our mission remains the same: to provide essential care to those who need it most. When you donate to the Lions Foundation, you give us all the flexibility to respond wherever the need is greatest.
